

Virtual Reality Filming for Doncaster Children's Services Trust Project

ACTORS REQUIRED

Background

Peel Interactive (<http://www.peelinteractive.co.uk/>) is producing a Virtual Reality film for Doncaster Childrens' Services Trust, funded by NESTA. This film tells the gritty story of how easy it is for young teenagers to be recruited by organised crime groups into drug running, gang membership, sexual exploitation and county lines. The film is set around the towns of South Yorkshire and is based in some of the most deprived areas of the region.

This is highly naturalistic drama, involving challenging themes, strong language, incidences of violence and the authentic portrayal of those involved in and at risk from criminal activity. The final product will be a critical learning tool, viewed by school children across South Yorkshire, using VR headsets.

The shoot will take place in West and South Yorkshire around the week commencing January 6th 2020.

Applicants should detail the part(s) they wish to apply for and either provide a photo and CV or a link to a Spotlight profile.

Please email all applications to laura.thompson@peelinteractive.co.uk - closing date **Friday 6th December 2019**.
